## Karting for Groups

Karting for groups of 10-25 people. All races run on 700m dedicated tarmac circuit.

### Sprint Races

Are exciting races for up to 25 people. Everyone fights for their place on the grid during 4 intense qualifying laps. For the race you line up in qualifying order and you're off for up to 75 gruelling laps as you race to the finish. Trophies awarded for 1st, 2nd and 3rd.

### Endurance Races

Are team-based, timed races requiring a minimum of 10 teams. Optimum teams size is 2-4 drivers with each team deciding their own race strategy. The race computer allows progress – or lack of – to be monitored and teams can adjust their strategy accordingly. Endurance races are ideal team-building activities requiring good strategic and communication skills. Trophies awarded for 1st, 2nd and 3rd teams.

### Grand Prix

For larger groups of 16-40 the grand prix is the ultimate race. Drivers are split into two teams, each team drives 3 qualifying laps, a 10 lap race and a further 10 lap race. The first 5 from each team qualify for the grand prix finale. A grand prix is an excellent corporate entertainment event. Trophies awarded for 1st, 2nd and 3rd.
